The above Program of Study is suggested for students who have a Bachelor's in Nursing degree. During the first semester of enrollment in the Doctor of Nursing Practice program, the student and his or her academic advisor will develop an individualized plan of study that is based on the student's prior undergraduate course work and stated career goals and is consistent with The Essentials of Doctoral Education for Advanced Nursing Practice (AACN, 2006). The original plan and any variation from it after matriculation must be approved by the advisor and by the Program Chair.
